Belgharia Vivekananda Sevasadan at a Glance.

Belgharia Vivekananda Sevasadan located at Sabuj Pally, D.P. Nagar, Belgharia , Kolkata — 700056 under the century- old Kamarhati Municipality in the district of 24-pgs (n) in the vicinity of Kolkata is a philanthropic organization of repute. Precisely speaking the organization originates from Belgharia Prayas Sanstha , a renowned Social Welfare Organisation founded in the year 1964 with the initiative of a couple of youngsters who had bent of mind to serve the economically backward people in many ways. Sankar Mukherjee , the then Secretary, (now deceased) played the pivotal role in organizing the youths under the banner of Belgharia Prayas Sanstha . Since then they cherished a desire to build up a SEVASADAN to render medical service to the economically disadvantaged people.

At last that dream was translated into reality in the year 1995 when the Foundation Stone of the Hospital was laid by the world famous monk Lokeshwaranand Maharaj of Ramkrishna Mission Cultural Institute of Kolkata. With the foundation stone, the people in general, to our surprise, came forward to donate their mite to build up the Sevasadan, not to speak of rich donation . In short, over the years the organization had seen the ebb and flow of many changes.

At present Belgharia Vivekananda Sevasadan , an NGO & Public Charitable Trust (run jointly by Belgharia Prayas Sanstha and SMILE) runs one Primary Level Hospital.

The Hospital comprises of Outdoor Department of General Medicine, Dental, Dermatology, Ophthalmology, ENT, Physiotherapy, Paediatric & Homeopathy.

The Hospital Possessing presently the modern Device of Eye Surgery. Surgery of removal of cataract and IOL Implanted in two ways by Phaco and MICRO as per the choice of the Patients at a very minimum cost.

The respective Doctors, closely associated with us , are dedicated in the sense that they render their service at a minimum cost of fees. Even during pandemic period they never absented themselves from their duty . In this connection it is to be noted that our Health workers, though ill paid , honestly and sincerely rendered their service during pandemic .

A good number of patients numbering 260 are being treated on an average every month in our Outpatient Department .

This is , in brief , the history of Belgharia Vivekananda Sevasadan .

With genuine assistance from all of you the Sevasadan one day may usher in a well equipped Hospital .

Hemanta Kumar Roy

President, Belgharia Vivekananda Sevasadan

An Appeal from SMILE

Happiness lies in making the hapless happy, kindling the light of hope in the dejected hearts and to bring smile on their sullen faces. Some people have latent intention but paucity of time they can not involve directly to try to mitigate or can not express at the right moment and at right place. Persons attached to voluntary social welfare organisation are there to give an expression of their sentiment to the deprived and neglected class. The voluntary Social welfare Organisations thus are there to act as catalyst and bring relief to the needy.

SMILE, an NGO & Voluntary Social Welfare Organisation, organises Free Eye Check Up camps in rural areas. Smile , a voluntary Social Welfare Organisation and an NGO, has been working in the field of Health care services mainly for congenital heart diseases since 1991 as there was very little technical know how in the field at that time.

SMILE has so far undertaken Heart Surgeries of 101 Children and 25 Nos. Of Adult. In view of changing the entire scenario in the field of heart surgery, our Organisation has changed its programme since 2010

SMILE had experienced during organising its camps at farthest corner of the villages of various Districts that maximum numbers of rural people. are suffering from eye diseases either from cataract of eyes or from vision problem which can be corrected by micro surgery and/or by spectacle or some medicines.

In tune with the dictum **“Prevention is better than cure”**, SMILE decides to create awareness amongst the general people specially in the have-not class . One section of weaker class of the Society in the Semi-urban and rural areas even today can not reach to Doctor due to their ill pecuniary plight. Consequently, due to their ignorance , they nourish their disease unknowingly .

SMILE has therefore published a booklet for awareness of the people giving general information of some frequently asked questions which it is being faced/asked during the time of Organising Camps in regard to eye and **have arranged to distribute free amongst the people who need it.**

Smile since 2010 so far with the help of other Organisations and with the sponsorship of benevolent and philanthropic persons , organised 35 Nos. Of EYE Camps and checked eyes of more than 5000 patients in rural West Bengal. It had also undertaken the responsibility of Microsurgery of Eye of 515 Patients and distributed Free Medicines and spectacles to more than 1500 Patients .

While working in the field of Medical , SMILE felt for a permanent set up for extending continuous Medical facilities to the economically challenged and disadvantaged group of people.

Sankar Mukherjee, (now deceased) the then General Secretary of Belgharia Prayas Sanstha, a renowned & reputed SOCIAL WELFARE Organisation in Belgharia, 24 Parganas (North) approached before SMILE in the year 2008 with a proposal to run their proposed Hospital under construction jointly with **Belgharia Prayas Sanstha & SMILE in the name style Belgharia Vivekananda Sevasadan**.

SMILE having agreed to his proposition, jumped into action to give a shape of a full fledged Primary level rural type Hospital. Thus a Public Charitable Trust was created in the name and style "**BELGHARIA VIVEKANANDA SEVASADAN**" and registered with REGISTRAR OF ASSURANCE in the year 2010 WHERE Members from **SMILE** as selected for life time and Members through the process of selection/election from **Belgharia Prayas Sanstha** became the TRUSTEES of **BELGHARIA VIVEKANANDA SEVASADAN** who would take care of the Hospital's assets, day to day activities, administration and to complete the Hospital with 45 in-Beds as per DEED of TRUST.

The Hospital **BELGHARIA VIVEKANANDA SEVASADAN** is small in stature but we want to make it a compact, friendly and amicable where primary level in-patient /out-patient Treatment may be rendered TO ALL. But main focus will remain to the economically backward and disadvantaged group of people "with nominal and cost-to-cost basis charges and with moderate and economical Charges to the have class.

To run and to render uninterrupted services, there needs financial support to meet the recurring expenditure.

During the Pandemic period when no Doctor was available in fear then we did not have stopped our Medical services. Our Doctors and Sisters extended their services forgetting and ignoring their lives at risk. Additional expenses levied on our shoulder for MASK, Sanitization, Hand Sanitizer for which we need more finance which is not in our Budget.

Our request to all, please extend your generous support so that **BELGHARIA VIVEKANANDA SEVASADAN** can continue its services uninterruptedly.

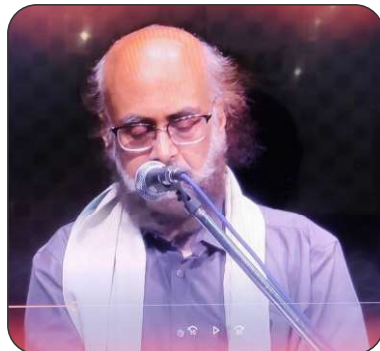

*You are here so we have courage and confidence
You are here so we can move ahead
You are here so hapless & helpless finds ray of light
You are here so people believe to live in this world
So you stay here forever*

Biswanath Mitra
